

My wife and I have been listening to K-love for over 3 years. It has made a great impact on our life. With the positive and encouraging music of K-love we are encouraged to serve more in our community and make a difference in this world.

If K-love were to be displaced by LPFM not only would we no longer listen to the radio but many people in our community would have no radio station to turn on that would encourage them.

K-love is for everyone in the community. I think America can use some light in this world and K-love brings that to every listener.
